

1# Thank you and the Elders of North Beach Church of Christ for granting me my request.

2# My visit to Udays's was beneficial and here is what happened.

I am of opinion that you remember brother Dayaratne, sister Gunawathi and their two children Ganga now 17 years and Monica 13 years living in the ten acre plot of land deep into the jungle. Ganga the older girl attends the Seventh Day Adventist school in Kandy for the past five years since it is free education and pay a small some of money for food and lodging.

When i met Ganga in December she wanted to be baptized but that thought drifted away.

It appears that Ganga has been brain washed by The Seventh Day Adventist pastor who teaches her religion.

Ganga during her vacation upto the time I visited them on 8th May had exchanged views with her father stating that :-

(i) No one will go to hell since Jesus sacrificed Himself for the sins of all mankind once and for all.

(ii) That we will all go to Heaven in our fleshly bodies!

Brother Dayaratne promptly told this to Brother Udaya and in return Udaya conducted several bible studues with Ganga but to no avail Ganga had been very adamant that what her Adventist pastor had taught her was absolutely correct.

On the 8th of May evening Brother Dayaratne invited Udaya and me to a bible study with Ganga, it was a very useful study and all that Udaya had taught Ganga was perfect and all that I had to do was a little touching up from a different approach. At the end she realized that she had been deceived by her teacher and wept.

Brother Udaya gave her all the necessary scriptures in writing which notes she will compare with her teacher on returning back to the Seventh Day Adventist school on the 10th on May respectively.

3# There are many persons who are yearning to join Udaya for a bible study but are afraid of the prevailing situation and on the other hand we don't know whether someone is trying to blackmail Udaya.

I have advised Udaya to get a hand written letted from annyone who wishes to study the bible with him and file it up should a crisis arise.

4# I was with Brother Antonyhasan and family on the 15th and 16th respectively. I cinveyed to them your best regards and they in return send you their best regards and request you to come to Sri Lanka.

The Antonyhasan family are loving and have been very faithful Christians to date.

5# I will be leaving for Maskeliya on the 27th June to 30th June since we have three more new places to visit. Lalith is doing a good job of work in Maskeliya.

So this is the update of work carried out for the month of May respectively.

*Thank you
In Christian Love
Errol*
