Dear Brethren:

Greetings for Beaufort, SC! We pray the Lord continues to bless you and your work in Texas! We are always thankful for your prayers and support.

The following is my new e-mail address: ContactNelson@charter.net and phone number is 843.575.0364. PL

Our Sunday morning attendance is slowly increasing with the introduction of new families into the community. The average attendance Sunday morning is between 45 and 60. We have another new family, who travels each Sunday and Wednesday (50+ miles) to Beaufort, SC from Savannah, GA. Their dedication to the Lord is a source of encouragement to us! In the meantime, the wife is a Christian, while the husband comes from a Baptist background and is not a Christian. I am currently corresponding and studying with the husband

At Parris Island, we are completing the slow time of the year. We continue to preach and present the same lessons, which are extremely effective in reaching the lost with an average of 102 recruits obeying the Gospel during this time of the year. We are excited about the large numbers of new recruits in June, when we expect to at least double our numbers. The Sunday morning attendance at Parris Island is averaging between 60 and 140, while Bible Class is close to the same number.

I recently completed a series of lessons about faith and putting faith into practice in our daily lives. I am still teaching Luke on Wednesdays and plan to present a lesson

about how volunteers ought to conduct themselves around recruits at Parris Island. I did developed the lessons in conjunction with the ranking non-commissioned officer at the Religious Ministry Center. The idea is to provide the best possible environment for Marine Rescuists, while obeying military regulations.

I recently completed a series of lessons on Sunday about putting our faith into practice every day. I continue to teach Luke and am in Chapter 19. Please continue to pray for our efforts!

Again, we are deeply appreciate of your prayers, concern, and support. Please visit us or contact us with any questions (**new contact information - contactnelson@charter.net or 843.575.0364 – New phone number)**)

God Bless!

Ron
