

Greetings to you in Jesus name. 1-2-05

I am glad to be writing and send letter.

I have received your letter and suppose Oct. through December this year. I am sorry for writing this letter very late. I'm really blessed through your progress of working with your financial support.

Brothers from America came to in the month of June. As soon as they came to India one of the Brothers. Tam came to Mominpet and including all congregations in this area. Indeed this meeting was very much blessed in this area. Taught very good lessons. which has been very much useful to preach in congregations.

As far as my work is concerned I am regularly preaching at Siripuram in the morning and at Marpally in the evening. These two churches are growing and going on well. Please pray for these so that all the members can grow in faith and hope. please pray for my health and the work I am doing.

I continue to pray for you and your family and also the prosperity in your country.

Thanking you one and all.
