Dear Brethren

I hope this e-mail finds you all healthy and doing well .The children and I are doing very well.The Lord has answerd our prayers and this reasures us once again that if we trust and obey and lay our burdens down at Lords feet he will take care of his children .I am happy to report as you may recall in my last month report that my divorce case seemed to be doomed for a long court battle .Well in a complete turn around in events , I was contacted by Monica a few weeks ago and asked to settle out of court as soon as possible .I immediatley sat down with her and had a long negotiation , we have now signed our divorce and although this has and still will cost me lots of dollars and I will have to sell off alot of things and try to secure a loan to pay her out,the children will remain in my custordy and thats all that matters,we can continue our lives as normal as possible and I can continue in the Lords work .It is a bitter sweet for me as I never wanted to get divorced and prayed that somehow Monica would repent and mabey we could repair our marriage , but she never has and under the circumstances this is the best outcome for me .I would like to tak this opportunity to thank all of you for your prayers and love the chidren and I have a long road to recovery, but with the Lord I know it will all work out for the good.

ZIMBABWE;

I had to postpone my trip into Zimbabwe this month due to the area's I work in were unsafe , the preachers contacted me and advised me to stay out of the country untill the dust settels .The politics around the economy crashing down caused alot of Police and army intimidation and stress .I plan to go in again next week the dust has settled now ,but I will be making double sure before my trip.Our brethren in Zimbabwe need our prayers brethren ,with food issues and political issues it is not easy for them.

BOTSWANA:

This month in Botswana ,I was once again lucky to have visitors tavel with me .I had brother Fred and brother Conrad with me on this trip into Botswana and they were good company .Both brother Conrad and brother Fred were given the opportunity to teach and preach and were both received very well .It is allways encouraging to see young men like Conrad wanting to teach and preach and the brethren really appreciate a change from hearing me all the time .Sister Pearl stayed back in South Africa at my house and looked after the children and so the whole trip and time together was very enjoyable.The work in Botswana still continues ,its slow but consistant and takes patience and time .

SOUTH AFRICA.

Mabalabala.

The hunting season is now mostly finished so , our members who had to work on some sundays have started to be a worship more regular .I have not spent that much time this month with Mabalabala as this divorce case had me traveling to Johannesburg a few weekends , but I was happy to do some preaching at Krugersdorp congregation on my trip .Brother Shepherd had some problems with his eye , but the dr's have sorted it out for him so he well again.

Thankyou brethren for all your love , support and prayers especially through these trying times of mine without you this work would not be able to function .

In Him

Warren Scholtz.

Ma
